DRINKS PROVISIONING • MONTENEGRO 2024

Updated 1 August 2024

It's set to be a great season in Montenegro and the Adriatic, complete with new restaurant openings, and even more delicious regional wines coming available. Be sure to check out Bokka in Porto Montenegro, featuring modern regional cuisine with a stellar wine list.

Meanwhile over at Berba, with our cellar capacity for over 250,000 bottles, we look forward to assisting you with the wines and spirits that you need on board.

Our selection of the best local and regional wines continues to expand, chosen by our experts as the best examples of their grape or style. We are also very pleased to offer a selection of the very best regional craft beers (which are of terrific quality).

Our spirits selection has also expanded, notably in agave-based drinks, gins, rums and Cognacs.

While our base is in Tivat, near Porto Montenegro, wine provisioning is available at all marinas in Montenegro, even if you are just stopping to fill up your fuel tank.

One important thing to know about Berba is that we buy all of our wines directly from the producer. Never second hand, never at auction, and never from someone's grandmother's estate ... however compelling some of those wines may seem. This way, we can absolutely assure you of the provenance and quality of every wine that you select from us.

DELIVERY SIMPLICITY

The regulations of yesteryear are now gone, meaning that there are no restrictions in terms of quantities, delivery times and delivery locations. There's also no need for any documentation or customs inspections.

You can have any quantities you want, at any time you want, and in any location that is convenient for you. So please just let us know what you want — and where you want it — and we will bring the wine to you.

NEED HELP CHOOSING SOMETHING?

Don't hesitate to ring or email us. Our founder, Mike, has been collecting (and drinking) wine for ages, and holds the WSET Diploma. He'd be delighted to help you find great pairings for your menu, choose some interesting local wines or select a brilliant alternative should a specific request be unavailable.

OUR WINE COLLECTION

We are once again pleased to offer a simplified catalogue so that choosing your wine is easy. The wines are organized primarily by region, though with Champagne, sparkling wines and rosé listed at the beginning.

Typically, if a wine is not listed here, it is probably not available in Montenegro. That's less true with spirits, though, and sometimes even with wine we get lucky. So please don't hesitate to ask if you're looking for something specific that is not in these pages.
